

Dishwashing liquid and neutral detergent

EU Ecolabel:
DE/019/066

Area of application

- For use in the food sector
- For manual dish, cutlery and glass cleaning
- For all washable and water-resistant surfaces and materials
- Particularly suitable for crockery, glasses, cutlery as well as plastic, ceramics, metal and painted surfaces

Product properties

- Eco-certified
- Powerful against dirt, effortlessly dissolves food residues, grease and encrustations
- High foam activity
- Dries quickly and streak-free without drying off
- Free from perfumes
- Especially productive, as highly concentrated
- Meets the requirements within the framework of an HACCP concept

Application and dosage

- Dosing aids are available on request.
- Simply add 1 - 2 squirts to the sink. When the grease-removing effect wears off, top up accordingly.
- Consumption: 1 - 2 ml / per litre

10 - 20 ml /
10 l water

- Apply fresh application solutions and consume them within 24 hours at the latest.

 The data in our product information sheets are based on our experience and careful investigations, and correspond to our present state of knowledge. We are, however, not able to examine and influence in detail the varying conditions for usage and materials, and those at premises where products are to be used. For this reason, we can only provide general information on usage. The quality of the work depends on expert assessment of the premises where products are to be used and how they are in fact employed by the user. In the case of doubt, the latter is obliged at all times to test the compatibility of the material to be treated with the Buzil product on an inconspicuous area or to obtain relevant advice on application technology. Liability for incomplete or incorrect data in our product information sheets shall only be assumed in cases of negligence caused by gross negligence or intent; any claims arising from the Product Liability Act shall remain unaffected. All previous product information shall lose its validity through the above listed product information.

Note

- You will wash your dishes most efficiently, save water and energy and protect the environment if you do not run the water, but immerse the dishes and use the recommended dosage.
- *Dosage according to EU ecolabel criteria: Light soiling: 20 ml / 10 l; normal soiling: 50 ml / 10 l.
- Surfaces or objects that come into direct contact with food must be cleaned of cleaning residues by careful rinsing with water.
- Original bottle can be easily refilled from the practical canister to save packaging waste.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- **Safety:** Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- **Storage:** Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
