

# Vamat® Rinser S

P 949

Ecological rinse aid, acidic

## Area of application

- For use in commercial dishwashers
- For all water hardness ranges
- Particularly suitable in combination with hard water
- Suitable for all types of dishes made of glass, porcelain, stainless steel, aluminum and silver as well as cutlery and equipment
- Particularly suitable for wash ware made of stainless steel and plastic that is difficult to wet, e.g. reusable cups, transport crates, trays

## **Product properties**

- Eco-certified, certified with EU Ecolabel
- Cradle to cradle certified, full scope, silver, version 4.0
- Universally applicable
- Excellent wetting of wash ware
- Highly concentrated, therefore low dosage and high economic efficiency
- Brilliant shine
- No odor, chlorine, NTA and phosphate free
- Good material compatibility
- Optimal lime binding formula
- Halal certified according to HALAL CONTROL
- Very good run-off behaviour, thus streak-free and stain-free drying

### **Application and dosage**

- Correct dosage saves costs and protects the environment.
- Please note that this product works well at low temperatures. Simply select the low temperature programme of your dishwasher, only wash with a full load and do not exceed the recommended dosage. In this way, you can reduce energy and water consumption as well as the waste water load.
- Dosing is carried out via automatic dosing devices depending on the amount of dirt and the water hardness.
- \*Dosing according to EU Ecolabel criteria: <8°dH 0.05 ml/L / <1.5 mmol CaCO3/L 0.05 ml/L | <14°dH 0.2 ml/L / <2.5 mmol CaCO3/L 0.2 ml/L | >14°dH 0.3 ml/L / >2.5 mmol CaCO3/L 0.3 ml/L.

0,05 - 0,3 ml / 1 l water

 Apply fresh application solutions and consume them within 24 hours at the latest

#### Note

- The water hardness can be manually determined by means of water hardness test strips or retrieved from the local water supplier.
- Dispose of containers correctly. Empty the packaging completely so that it can be recycled in an environmentally friendly and safe manner.
- Avoid direct sunlight.
- Before changing the product, the containers, pipes and dosing devices must be rinsed with fresh water.
- After the dishwasher has finished operating, all screens should be cleaned.
- To dry the interior and protect against corrosion, leave the machine slightly open.
- Changes or variations in colour of the product do not impact on the quality. The product image may differ in colour and shape from the original.
- Safety: Hazard statements and safety precautions can be found in the relevant safety data sheet, which is available at www.buzil.com.
- Storage: Always keep containers closed. Store at room temperature in the original container. Consume opened containers within 9 months.
- **Environmental:** Feed residual emptied containers to the dual system. For detailed information see environmental information.
